3. Notes to Financial Statements

The financial statements have been prepared in accordance with IFRS as adopted by the European Union. All figures are in Euro millions unless otherwise stated. Comparative figures relate to the equivalent prior period.

The Group recognised decommissioning costs of EUR 5.5M in the current period, primarily related to the retirement of legacy energy generation assets. Pursuant to Schedule 7 of the Facility Agreement, decommissioning costs up to EUR 5.0M per annum may be added back to EBITDA for the purposes of computing the Leverage Ratio covenant.

4. Management Commentary

Management acknowledges the financial covenant challenges in the current period. A deleveraging plan has been prepared and will be presented to the banking syndicate. Management is committed to restoring compliance within the agreed timelines and maintaining open and transparent dialogue with its lenders.
